This Strategic Framework charts the UConn Library’s direction and builds on our strengths as a hub of scholarship, research, and learning for UConn students, faculty, and staff. We connect our community to information resources; to the spaces needed for thinking, studying, learning, and collaborating; and to the essential expertise of Library staff.

The future of the UConn Library is one in which we remain committed to the University’s mission and engaged with our community to address its needs throughout shifts in higher education and technology. We foster innovative programs, services, and spaces that advance scholarship, facilitate equitable and life-long learning, invest in our people, and contribute meaningfully to our profession.

The right library for UConn skillfully leads while being proactive and responsive in meeting the University’s needs. We empower our staff to embrace experimentation and continuous improvement. Our work is imbued with our values, our professional ethos, and our efforts to ensure that all are welcome and given equal opportunity to thrive. We enrich our community and communicate our value to inspire engagement and investment.
Connect

Advancing a community of learners

We are committed to the academic and scholarly success of our community, and we connect people and resources to foster transformative inquiry, discovery, and learning. As an essential part of the research lifecycle, we develop vibrant, diverse collections, exceptional services, and seamless systems to support the needs of our users in a dynamic environment. We seek innovative ways to share and disseminate the research of UConn to the world through a commitment to open, accessible initiatives and materials.

We provide ...

• Resources that reflect research, teaching, and learning at UConn
• Responsive and relevant services that support the wide range of community needs
• Unique and distinctive collections that engage and stimulate the broader scholarly world
• Agile and inspiring spaces for thinking, learning, working, and collaborating
• Flexible and accessible technologies that support our work and provide robust discovery and access
Empower

*Investing in ourselves and sharing our expertise*

We celebrate leadership, initiative, and excellence across all levels of the Library. Our staff draws on extensive skills and knowledge to engage with each other and with the resources and services critical to our community’s—and our own—success. Motivated by curiosity and inclusiveness, the best staff for our users must be empowered to learn, solve problems, and innovate to produce meaningful and high-impact work that aligns with our values and the University’s mission.

We embrace ...

- Demonstrable and ongoing commitments to diversity, equity, and inclusion in our staff and across all areas of our work
- New and expanded capabilities through investment in continuous professional learning and strategic hiring
- A culture of exploration, assessment, and reflection
- Leadership at all levels and collaboration across the Library
- Advocacy and planning for the sustainability of the UConn Library
Engage

Evolving our role at UConn and beyond

We apply our expertise and resources to promote the creative exchange of ideas, develop innovative initiatives, advance interdisciplinary scholarship, and support student success. We build strong networks across campus and with external partners for cultural exchange, equitable learning, and the creation of new knowledge. We foster the research productivity of our campus partners, and we conduct scholarship that advances our profession.

We cultivate ...

• Relationships across academic organizations to inspire shared knowledge, inquiry, and collaboration
• Partnerships with cultural and civic institutions to serve the needs of Connecticut and beyond
• Innovative services and programs to aid student success
• New knowledge and best practices in the fields of librarianship and information science
Implementation Plan

Implementation Team Charge

An Implementation Team will be formed to execute the Strategic Framework and oversee activities related to it. This team will work with staff each year to determine and prioritize the goals and objectives that advance the Framework. The Implementation Team will encourage, review, and approve proposals that advance strategic directions, allocate funding, and populate working groups as necessary.

While the Strategic Framework itself will not be edited or updated, the goals and objectives the Implementation Team selects will change annually and be updated based on proposals, needs, and opportunities as they arise.

In their work implementing the Strategic Framework, the Implementation Team is empowered to interpret what the Framework means, what goals and objectives would be most efficacious in advancing it, and what areas may need more support and facilitation. The Implementation Team will determine the mechanisms for requests, submissions, deliverables, and reporting to allow for continuous improvements to the process.

The Implementation Team will communicate regularly with area heads, unit heads, and individual staff, and determine a mechanism to track progress made on any work being done in support of the Framework. It will also work with Library Communications to publicize activities to relevant stakeholders.

Membership*

To ensure representation across all levels of the organization, the team will include:

1. The Dean of the Library, serving as chair
2. 1 additional member of the Senior Leadership Team (SLT) appointed by the Dean of the Library
3. 3 members of the Dean’s Leadership Council (DLC), who are not also members of SLT, nominated and selected by DLC
4. 4 library staff, who are not members of SLT or DLC, nominated and selected by library staff

* For continuity in the first year, the Strategic Framework Steering Committee (SFSC) will appoint two members of the committee to the Implementation Team, who will be included in the numbers above. For just the first year, the SFSC will also facilitate the voting process for additional DLC and staff members.
Implementation Plan

Terms of Service
The team will be reconstituted annually (July 1 - June 30) with rotating members, with the Dean as permanent chair. In year one, the group will be formed and charged by April 1, 2020 and will serve through June 30, 2021.

Avenues for Framework Implementation
To fully realize the potential of the Strategic Framework, it is important to engage with the plan both within and outside of our annual goal setting process. We encourage all staff members to propose an individual project, group project, or event/program for approval to the Implementation Team at any time in the year, and to run for any length of time. All projects and proposals must include a budget and justification. Individual, area, and unit goals may be submitted for review if funding is requested, but do not require approval.

1. Work as an individual contributor. Staff who do not seek collaboration but who can identify ways their work connects with the Strategic Framework, such as an independent research project or a new workflow, will have a discussion with their supervisor and the Implementation Team.

2. Propose a working group. Staff who want to work on an idea with colleagues can submit a proposal to form a working group or issue an open call for participation. The proposal will speak to the what, why, who, when, and how. Working groups can be any size and comprise library staff, faculty, and/or students, but must have at least 1 library staff member. The proposal can include a specific membership or list the types of roles involved.

3. Propose an event or program. Events or programs may be a series or a one-time event.

4. Set goals. Area and unit heads will plan their goals for the year around the framework, but need not submit them for prior approval. The Implementation Team will be kept apprised of the intended work and progress on these goals throughout the year. This process will happen in conjunction with the Dean’s Leadership Council goal-setting workflow.
Communication Plan

The Strategic Framework will be submitted to Dean Langley by February 28 and launched to Library staff and the public on March 4, 2020.

Internal Communication

All Staff Email

- Receipt of Framework and next steps - February 28
- Distribution of the Framework (after open meeting) - March 4
- Call for nominations for the Implementation Team - by March 16

In Person

- Launch meeting to provide overview and distribute Framework - March 4
- Meeting with Dean’s Library Council for review and next steps - March 10
- Two informal open forums for all staff with the Strategic Framework Steering Committee (SFSC) for discussion and Q&A in early March
- Brown bags/office hours with SFSC and newly formed Implementation Team to discuss the Framework and how it can be integrated into area/unit/individual goals in late March/April

Visuals

- Posters of the one-page summary for display in staff spaces
- Giveaways
- Website (dedicated page and updated Dean Langley’s welcome)

External Communication

- Key stakeholders, Provost/Deans, USG, PLAC, and external community - Dean Langley and the communications unit will determine appropriate form of contact (email, meetings, presentations, etc.) The SFSC will also be available for outreach to campus partners as needed.

Marketing

- Website, social media, library monitors
- Blog posts
- UConn Daily Digest

Key Target Dates

- February 28 - Strategic Framework submitted to Dean Langley
- March 4 - Distribution of Framework to staff at open meeting and website launch.
- March 10 - Meeting with Dean’s Library Council
- March 16 - Nominations due for Implementation Team
