Introduction

Microform Collections are located on Level 3 North of the Babbidge Library. These collections include the following formats: microfilm, microfiche, and microprint. Microform collections are arranged by format then alphabetically by collection title in the Microform Collection cabinets. The microprint collection is housed with the microfiche collection.

Guides and indexes to Microform Collections are located on top of the microfilm cabinets. All guides are shelved alphabetically by collection title.

Note: Babbidge Microform Collections are research materials that do not circulate.
